social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**TRADE!** You like  
to patronize those concerns  
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

# INTRODUCTION

---

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1933 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Four Major Departments

The four major departments are arranged in the following order:—

**THE BUYERS' GUIDE**, pages 25 to 48, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

**THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is included in pages 49 to 389. This is the only record in existence intended to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

**THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, covers pages 393 to 492. In this section the names of the streets are arranged in alphabetical order; the number of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

**THE CLASSIFIED BUSINESS DIRECTORY** is included in pages 493 to 544. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common inter-

mediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

### **The Raleigh Directory Library**

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 425 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Publishers.

# RALEIGH

## THE PROGRESSIVE CAPITAL OF A PROGRESSIVE STATE (Facts and Information Compiled by the Raleigh Chamber of Commerce)

### Statistical Review

Form of Government—Commission.

Population—Total, 37,379; males, 17,827; females, 19,552; White males of age, 10,933; white females of age, 12,245; total colored, 12,575 (1930 U. S. Census). American-born 64.3%.

Area—7.5 square miles.

Altitude—363 feet.

Climate—Mean annual temperature, 60.1 degrees F.; average annual rainfall, 46.7 inches.

Parks—13 park areas.

Assessed Valuation—\$52,000,000 with \$1.10 per \$100 tax rate.

Bonded Debt—\$5,622,921.98.

Postal Receipts—\$396,000 (1932).

Telephones in Service—7,904.

Churches—48, representing 14 denominations.

Building and Construction—Value of building permits, \$132,318.50 (1932).

Industry—41 manufacturing establishments, employing 905 men, paying wages of \$1,054,430 annually, and having products valued at \$4,190,799 annually (last report).

Trade Area—Retail area has radius of 50 miles, and population of 650,000; wholesale area, radius of 100 miles, and population of 2,081,000.

Newspapers—2 dailies and 3 weeklies.

Hotels—9, with total of 1,035 rooms.

Railroads—3: Southern, Norfolk-Southern and Seaboard Air Line.

Highways—U. S. 1 and 64; State 10, 21, 50 and 90.

Airports—1 (Raleigh Airport).

Amusements—Largest auditorium in city seats 4,000 persons. 4 moving-picture theatres, with total seating capacity of 3,349 persons. 4 golf courses.

Hospitals—3 public and 3 private.

Education—6 colleges: North Carolina State College of Agriculture and Engineering; Meredith College, Baptist, "A" grade woman's college; Peace, Presbyterian, junior college for women; St. Mary's School and Junior College, Episcopal, for girls; Shaw University, for colored; and St. Augustine's College for colored. 18 public schools, including 2 high. 1 parochial school. Number of pupils in public schools, 8,339. Value of public school property, \$2,750,000.

Public Libraries—2 (State and City), with total of 92,799 volumes.

City Statistics—Total street mileage, 90, with 75 miles paved. Miles of sewers, 100. Number of water meters, 9,257; light meters, 8,070; gas meters, 3,752. Capacity of water works (municipal), 7,000,000 gallons; daily average pump, 3,002,322 gallons; miles of mains, 115; value of plant, \$1,875,000. Fire department has 56 men, with 5 stations.

#### AERIAL VIEW—FAYETTEVILLE ST. FROM

The handsome and well-equipped new auditorium, located convenient to the downtown district, is a valuable asset to the city. It is well equipped to entertain large conventions and public gatherings. It also gives Raleigh a unique feature as a national convention center as well as conventions that embrace several states. In accordance with the plan of the city, the auditorium is arranged as an assembly room in the basement is provided for conventions and business meetings of all sizes. The completeness of the auditorium, with its many conveniences and facilities, is a necessary asset. The completeness of the auditorium, with its many conveniences and facilities, is a necessary asset. Exhibits can be most attractively arranged on the main floor. The auditorium is well equipped to entertain large conventions and public gatherings. An average of 75 conventions are held in providing a splendid auditorium. A thousand hotel rooms are available.

## FROM AUDITORIUM TO CAPITOL

ss district, with ample parking space, places Raleigh in an enviable position to  
tion as one of the few Southern cities with auditorium accommodations for  
to the large auditorium, with a seating capacity of approximately 4,000, a well-  
s of 600 and less. The splendid, well-located committee rooms are a valuable and  
pecially important and outstanding. Exhibit space, required by many conventions,  
ain floor. Raleigh as the state capital, centrally located, has been recognized  
a year meet here. The hotel accommodations are in keeping with Raleigh's prog-

Police department has 52 men, with 1 station and 6 pieces of motor equipment.

Wake County—824 square miles in area; 94,757 population (1930 U. S. Census); second county in state in farm production, with farm property valued at \$2,983,752.

### **Notable Facts in Raleigh's March of Progress**

Only six states in the United States—California, Florida, Michigan, Texas, Arizona and New Jersey—exceeded North Carolina in percentage of population growth between 1920 and 1930—23.9%. Raleigh's percentage of growth—53.1%—was more than twice as great as that of the state as a whole during this period.

Construction work in Raleigh of all types in the past 10 years represent an outlay of \$30,000,000, an average of \$3,000,000 annually.

Investments in buildings and equipment of colleges and schools have grown from \$3,400,000 to \$7,500,000 in the past ten years. During the same period the student enrollment in colleges has increased from 1,350 to 3,800.

Municipal improvements necessitating an expenditure of over \$3,000,000 to provide for present and anticipated needs have been made in the past few years.

The volume of retail trade has increased in the past six years to \$23,000,000. The Raleigh retail sales area extends from 25 to 50 miles.

A first-class flying school has been provided at the Raleigh Airport. Raleigh is one of the regular stops on the Eastern Air Transport New York-South American trunk air line. The city and county co-operated in this development.

An up-to-date radio station, carrying both chain and local programs, has been provided by the Durham Life Insurance Co.

The North Carolina State Fair, with a group of handsome new buildings, has been enlarged under State ownership and operation.

Wake County provided a bond issue of \$1,300,000, which has been expended to complete the hard-surfacing of all important through highways in the county, in the interest of both local and tourist traffic.

Raleigh is a stop-over point for tourist traffic bound to Southern resorts. Highway developments have put this city at the forks of two leading Southern highways—Federal, No. 1, and the Coastal Route.

Eastern North Carolina is the section of the state with the greatest undeveloped potentialities, and Raleigh is the logical gateway and distributing point for this vast and fertile agricultural area.

### **Raleigh—Old and New**

There have been two Raleighs in North Carolina: The first, the "City of Raleigh" on Roanoke Island, which came into being in the spring of 1587, upon the arrival of Governor John White from England. Of it, only old Fort Raleigh, its defense, now remains. Governor White left for England on Aug. 27, that year, expecting to return soon with more settlers and supplies. In 1591, when he came back, the colonists had gone without a trace. Then what is now North Carolina and all the rest of North America was "Virginia," named fancifully by Sir Walter Raleigh, in honor of his queen, the great Elizabeth.

The inspiration of Sir Walter's great name persisted, and when, in 1787, the convention of the people of the state of

North Carolina decreed that there should be a "fixed and unalterable seat of government," it was also decreed that it should be named in Raleigh's honor. Since the establishment of the colony of 1663, there had been ten seats of government, at only three of which were there structures designed to be of a permanent character. These places were Edenton, Brunswick and New Bern.

Raleigh's streets were named by the convention and the special commissioners appointed by the General Assembly, in honor of notable men and for the eight superior court districts. In like manner, the public squares were named for men to whom the state was indebted for conspicuous service.

The Raleigh of today, established, bought and paid for March 30, 1792, was the consummation of a well-laid and definite plan. The construction of the first capitol building was begun in 1793 and finished in Nov., 1794. This was later destroyed by fire. The present Capitol was built in 1840.

Raleigh's first school was St. Mary's, built prior to 1840. Thirty years later came Peace Institute, and then about 1900, Meredith College, while the Negro colleges, Shaw and St. Augustine's, date from 1867. In 1890 the State Agricultural and Mechanical College came into being. The State Prison was begun in 1869 and finished a number of years later. The Soldier's Home, with buildings of wood, was occupied in 1891. In 1876 the old "Palace" of the governors, long unoccupied, was secured for the first graded school. Some twenty years later the first high school was established in a building on the site of the "Palace."

At no capital in the country are there more buildings or institutions connected with the state government. These include the present Capitol, which was built in 1840 of granite from a quarry owned by the State, considered by architects to be one of the most perfect pieces of architecture in the country; the Administration Building, Agricultural Building, Hall of History, State Museum, State Departments Building, State Office Building, State Highway Commission Building, Governor's Mansion, State Prison, State Hospital, State School for the White Blind, State School for the Colored Deaf Mutes, State Laboratory of Hygiene, State Confederate Soldiers' Home, North Carolina State College of Agriculture and Engineering, and State Fair Buildings.

In 1907 the completion of the Masonic Temple marked the advent of fireproof buildings, and then came, in 1911-1915, the third State building, for the State Library, Supreme Court and Historical Commission; the Citizens, Commercial and Raleigh Banking and Trust Buildings, and the City Auditorium. In fact, most persons, asked when Raleigh really began to grow, reply, "When it built the Auditorium." The Auditorium fixed this as the convention city of the state for all the greater public gatherings.

The end of the World War brought about another period of extensive development, and then came the State Hospital, the School for the Blind, the Agricultural Building, the beautiful Library Building, and other structures at the North Carolina State College of Agriculture and Engineering; the Odd Fellows Building; Meredith College; public schools, modern and fireproof; Sir Walter Hotel, the Professional Building, the Carolina Hotel, the Raleigh Banking & Trust Building, the Capital Club's twelve-story office building, and many other structures; extensive street paving and municipal improvements, and the beginning of North Carolina's great highway construction program.

### A Center of Education

Raleigh, with six colleges and an excellent school system, has long been recognized as an outstanding center of education.

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are thirty major buildings in the plant. It embraces four schools—agriculture, engineering, science and business, and a graduate school.

Meredith College, a Baptist school for women, was opened in 1887. For many years it was located near the Capitol and now occupies a new plant completed in 1925, two miles from the city on the Hillsboro Road. Courses are offered in arts, sciences and music.

St. Mary's School, for girls, founded in 1842, is the largest girls' school owned and controlled by the Episcopal Church in the United States. It is a junior college and recognized as one of the best in America.

Peace, a junior Presbyterian college for girls, was opened in 1872. It offers special courses in art, the sciences, music and expression. A number of new and up-to-date buildings have been added in the past four years and the enrollment has grown steadily.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of \$1,300,000. It is a standard high school and the only one of its type in the United States with this rating. It specializes in vocational training.

The well-equipped and efficient public school system of Raleigh has eighteen buildings, including two high schools. In the past ten years bond issues totaling \$2,300,000 have been voted to provide new buildings. The public school system reflects great credit upon this city.

Shaw University, founded in 1865, is the oldest institution in the South for the education of colored men and women. The University has eleven buildings. Degrees of A. B. and B. S. are conferred.

St. Augustine's College (Episcopal) for colored men and women was opened in 1868. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb, established in 1868, is located in the southeastern part of the city.

### Commercial Advantages

Raleigh is both a distributing and trading center for a large territory. It is neither east nor west in North Carolina. It stands at the crossroads logically situated to serve economically a wide area, with ease of access to the industrial Piedmont and to the agricultural eastern section.

Its rapid development as a wholesale center is emphasized by the fact that there are seventy-six such establishments here doing an annual business of \$12,500,000. For the same reason that it is a good wholesale center, it is also rapidly increasing as a location for headquarters offices to serve both this and adjoining states.

Nine large fireproof office buildings provide more than 1,000 offices.

Raleigh is an important retail shopping center. Its trade is drawn from an area of twenty-five to fifty miles, embracing a population of 650,000. It has a potential trade

territory of twenty-nine counties, which produce one-half the \$320,000,000 total farm resources of North Carolina.

Raleigh has many fine stores offering a wide variety of merchandise.

One of the city's greatest assets is its transportation facilities. It has the advantage of having three separate railroads—It is located on the main line of the Seaboard Air Line from New York to Florida, on the Southern connecting with its main line from New York to New Orleans, and on the main line of the Norfolk Southern. Twenty passenger trains pass in and out of the city every twenty-four hours. With its central geographical location, it is important to the manufacturing cities of the North and East. The two bus lines here operate eighty buses in and out of the city daily. These lines and their connections cover the entire state on convenient and regular schedules. There are 2,000 miles of hard-surfaced roads within a hundred-mile radius.

Raleigh is the headquarters of the Carolina Power & Light Co., which supplies current to 223 cities and towns in North and South Carolina. The rates in Raleigh and communities served by this company are in line with the lowest obtained in the South, and for large consumers, very attractive rates are offered. Over a ten-year period the Carolina Power & Light Co. has developed its electric horsepower from 47,000 to 195,000.

Gas is supplied by the Raleigh Gas Co., offering splendid service and reasonable rates.

The city water pumping capacity is 7,000,000 gallons per day (twenty-four hours) and the average daily consumption is 3,032,000 gallons. Many improvements have been made to provide an adequate supply for present and future needs, including a new pumping station, reservoir, filtration plant and water lines.

The city is in the center of a rich farming country, producing a great variety of crops, including corn, cotton, small grain, tobacco and truck. The Department of Commerce shows the value of farms in Wake County to be \$23,704,963. This is the second highest in the state. An adjoining county with a farm value of \$25,777,998 leads the state.

Raleigh is an insurance center. It is the home office of five insurance companies, all of which are rapidly growing. Many of the large insurance companies of the country, including life, fire, health and casualty companies, maintain headquarters or general state agencies in Raleigh.

A first-class airport of 280 acres is maintained by the Curtiss-Wright Flying Service. A well-equipped flying school is conducted on this field. It is one of the two airports in the South especially approved by the Department of Commerce for a flying school. This field is an important air terminal on the New York-South American air trunk line.

### **Industry and Income**

According to the last report, Raleigh has forty-one industries, with a capital investment of \$4,105,400, and the annual output amounts to \$4,190,799. There are 905 workers in these plants and the annual payroll is \$1,054,430.

In addition, and related to industrial pursuits, there are 1,624 persons employed in other than manufacturing industries, and the combined payroll for this group is \$2,496,714. This classification includes public utilities, railroad shops, highway repair depot, and other industrial workers.

Approximately five hundred forty officers and teachers are employed in the colleges within the city of Raleigh, with a total annual payroll of \$1,040,000.

The third largest group payroll is in North Carolina State departments.

Raleigh is interested in securing additional industries. One particular factor highly favorable to this proposed expansion is the electric power resources in this section. The Carolina Power & Light Co., with headquarters here, has two hydro-electric plants and one steam plant to serve this territory.

### What to See in Raleigh

As a center for tourists during the winter months, Raleigh, located at the forks of two national highways, has become a city of prime importance. Some indication of this is reflected in the hotel registration, which averages from 25,000 to 30,000 during the winter months. The city abounds in historic traditions and the thousands of visitors enjoy visiting the following places of interest:

Historic old State Capitol Building, famous for the beauty of its architecture.

State Museum and Temporary State Art Museum.

State Hall of History.

Four noted colleges: North Carolina State College of Agriculture and Engineering, Meredith College, Peace, and St. Mary's.

President Andrew Johnson's Birthplace (near State College).

Four points of special beauty—Christ Church, Dix Hill, Country Club, Federal Cemetery.

Seventy-five-acre Virgin Forest (three miles northeast of Federal Cemetery).

Governor's Mansion and Grounds.

Public Libraries—State Library, Raney Library (with children's section). Open to public all day.

Institutions for Negroes—Shaw University and St. Augustine's College.

Monuments and public memorials on Capitol Square and in State department buildings include a replica of Houdon's famous statue of George Washington and memorials to the following North Carolinians: Senator Z. B. Vance, Governor Charles B. Aycock, Dr. Chas. D. McIver, Henry L. Wyatt, Worth Bagley, "O. Henry" and Chief Justice Ruffin.

Carolina Pines, Inc., is the latest development near Raleigh. It is located two miles south on U. S. Highway 401. The development consists of a new colonial-style, American-plan hotel, an eighteen-hole grass greens golf course, clubhouse for dining and dancing, tennis, boating, horseback riding, and camps for boys and girls.

### Chamber of Commerce Welcomes Inquiries and Visitors

The Raleigh Chamber of Commerce is a substantial, well-organized and representative body. The membership co-operates in a wide variety of activities in commercial development. A function of particular importance is the information service which has careful supervision. Inquiries given careful and prompt consideration, and visitors are welcome.

Offices in Sir Walter Hotel Building.

### A Good Place to Live

Raleigh is a typical city of the new South, which combines old Southern charm with modern enterprise and progressiveness.

Raleigh is recognized as one of the best cities of residence in the Southeast, offering an exceptionally wide variety of recreational advantages.

The Carolina Country Club has a splendid eighteen-hole golf course; the City has a municipal golf course of eighteen holes, and Carolina Pines has a public golf course of eighteen holes.

There are thirteen public park areas well distributed over the city. There are four well-equipped motion picture houses. Raleigh has league baseball, with a team in the Piedmont League, and Riddick Athletic Field at State College. The city manifests keen interest in sports and recreation.

Raleigh is exceptionally well equipped with hotels. There are nine, with a total capacity of 1,035 rooms. This includes such hotels as the Sir Walter, Carolina, Bland, Raleigh, Mansion Park, Wright, Richmond and Carolina Pines.

Raleigh is recognized as the convention city of North Carolina. This is substantially borne out in the fact that this city entertained eighty-three state and interstate conventions and meetings during 1930.

The five luncheon clubs of the city, and the Woman's Club, a civic organization, contribute to the fine community spirit here. The luncheon clubs are: Rotary, Lions, Kiwanis, Civitan and American Business Club. Raleigh has a well-equipped and well-organized Y. M. C. A. and Y. W. C. A.

# Saint Mary's School and Junior College

Raleigh, North Carolina

MRS. ERNEST CRUIKSHANK, B. S., Principal

---

Owned by the Episcopal Church of North and South Carolina

Founded in 1842 by Rev. Aldert Smedes, D. D.

---

Ninety-second Annual Session  
Sept. 11, 1933—May 29, 1934

---

Saint Mary's School offers for girls and young women a high school course of the highest standard, supplemented by two years of grade A college work, all academic courses fully accredited by the Southern Association. Special courses are given in Business, Music, Art, Home Economics and Expression, in which certificates are issued. Two hundred boarding students can be accommodated.

Students, resident in Raleigh, are welcome as day students and may enjoy all the advantages offered by Saint Mary's. The tuition charge for day pupils in the Academic or Business Departments is one hundred and twenty-five dollars for the session.

At Saint Mary's the discipline is intimate but firm, with home-like influences rather than college freedom. The design is to have parents feel that they have a safe, intellectual and inspiring environment for their daughters which will advance them along the right lines into the best type of modern womanhood.

Saint Mary's aims to promote sound physical development, to preserve good health, to cultivate a refined Christian womanhood, and to maintain the best standards of scholarship.

---

***“Think It Over”***

# CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. List of local people (Neighborhood List) within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. Lists of business houses and the professions—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. Vocational Lists—Such as clerks, stenographers, telephone operators, carpenters, salesmanagers, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.  
Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# FOR EVERY BUSINESS

## d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

## e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (\*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.

# The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

# THE CITY DIRECTORY

represents the City and its  
institutions in every cor-  
ner of these United States,

**Are You Properly  
Represented In It?**

---

**The Classified portion  
catalogues the professions  
and goods handled here**

ARE YOU LISTED UNDER YOUR PROPER HEADING  
SO THE PROSPECTIVE BUYER CAN FIND YOU?

---

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

## 1933

Copyright, 1933, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others, refer to Alphabetical List of Names.

\* \* \* between two intersecting streets designate there are no houses between them.

# THE CITY DIRECTORY

represents the City and its  
institutions in every cor-  
ner of these United States

**Are You Properly  
Represented In It?**

---

**The Classified portion  
catalogues the professions  
and goods handled here**

ARE YOU LISTED UNDER YOUR PROPER HEADING  
SO THE PROSPECTIVE BUYER CAN FIND YOU?

---

***“Think It Over”***

# It Pays To Be Prominently Displayed

To let people know **WHO** you are, **WHERE** you are and **WHAT** you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so **CONSTANTLY** used as the City Directory.

# When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.**
